

Headteacher's Update – 13.6.25

Dear Parents,

I will keep this week's update short and sweet as I know we have already sent out a few reminders in the past few days.

Bunting/ Art Gallery

We know how many of you want to be as involved as possible in the life of the school and there are plenty of opportunities to do just that next week.

Please support these initiatives by sending your child in with a coin in exchange for decorating bunting, and by paying your £1 entry fee to see the children's fantastic art effort at the gallery.

The newly elected pupil treasurers of the mini Vinnie group will provide an update on how much we raise in a future update.

We also hope to see as many families as possible at the St Louis Day picnic on Friday.

New classes and transition

Please look out for an important letter telling you which class and teacher your child will have next year (this will be sent later today). It also explains the reasons we are letting you know earlier than usual this year.

Important Letter from PEB re: SEND in Bucks

Attached is an important letter outlining the situation with SEND across Bucks which will be of particular interest to you if you have a child with SEN or potentially think your child will require additional support.

Return of Year 6

It has been a quiet week without our Year 6 pupils! We are delighted to know what a great time they had at PGL and know they will have made memories to last a life time. Once again, a huge thank you to the staff who make this possible.

First Holy Communion

Congratulations to those children who celebrated their First Holy Communion last weekend, and best wishes to those who will be doing so this weekend. I have enjoyed seeing the photos some of you have sent in, but as there are over 30 children involved I do not have space to share them here. However, I know the class teachers would love to see them too.

Outside school achievement

I was delighted to hear that two amazing girls from Year 2, Sofia (2S) and Savanna (2L), achieved fantastic success at their cheerleading competition, Legacy, in Birmingham at the weekend. Competing with their team, Caterpillar, they won 1st place and were crowned national champions in their division—a truly outstanding achievement!

Have a lovely weekend, Mrs Machin

Learning at St Louis
Nursery

We have been learning: about different colours around us, in the environment.

You can help at home by: asking your child to point out colours around them, for example, can you find me something yellow?

Reception

We have been learning: about floating and sinking.

You can help at home by: checking with your child which objects will sink and which objects will float.

Year 1

We have been learning: about wild and garden plants.

You can help at home by: going on a plant hunt.

Year 2

We have continued to practise telling the time on analogue clock.

You can help at home by: continuing to work with your child on reading an analogue clock.

Year 3

We have been learning: about animal pollination.

You can help at home by: asking your child how bees, butterflies and other animals help plants make new seeds.

Year 4

We have been learning: about the Trojan war in history.

You can help at home by: asking your child who was involved, how long it lasted and who won.

Year 5

We have been learning: to create our own story based on the book 'Firebird'.

You can help at home by: asking your child how they have planned their story and what they have included.

Year 6 have been having lots of fun on their residential visit this week!
